COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner:

The Examiner's statement of reasons for allowance provided in the prosecution history of this case may give rise to reasoning that is inconsistent with the proper scope of the claims. The Examiner's statement essentially recites portions of applicant's independent claim. Each of such portions is not required to differentiate over the prior art, as explained in the prosecution history.

Applicant asserts that each claim is allowable because all statutory requirements have been met, including, *inter alia*, the inventions as claimed are not anticipated or rendered obvious by the prior art.

The scope of the allowed claims is readily apparent to a person of ordinary skill in the art from, *inter alia*, the specification, the claims, and the prosecution history.

Respectfully submitted,

Dated: April 13, 2005
